- Multiple Connections: Lights Or Appliances

Customizable

Adjustable knob for setting your preferred time after which lights / electrical appliances are turn off once you leave the room as there is no motion detected.

Onboard **On / Off** switch

Two Way Functionality : Sensor operates autonomously but at the same time you can over-ride it using traditional physical Switch / Button.

LIGHT (TWILIGHT) SENSORS

These sensors detect changes in the intensity of light (any light but most commonly sunlight i.e daylight) in the given space.

Available in multiple colors

Benefits

Energy Efficiency : Save on electricity cost by turning on lights only when it starts getting dark outside. For e.g after twilight and vice versa

Ease of accessibility : Lawn or porch lights can be turned on using these sensors

Accuracy : Up to 10 times more accurate than the market competition*.

Unique & Superior : By design and quality. Compact in size. Very low power consumption. Inexpensive.

Use with

- Porch, Lawn, patio & terrace lights / appliances
- Theatre passage foot lights, Conference Rooms
- Multiple Connections: Lights Or Appliances

Customizable

Onboard **On / Off** switch

Two Way Functionality : Autonomous operation. Manual over-ride using traditional physical Switch or a Button is present.

SAFETY ALARM

Protect yourself against burglary (theft) or property damage, as well as personal protection against intruders

Available in multiple colors

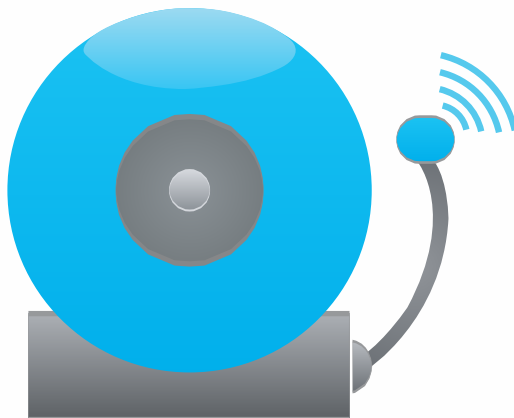

Benefits

- **Theft Detection** : It detects if there is a thief or intrusion.
- **Siren** : Once the alarm is set off, the siren sound can be heard within a range of 1 km*.
- **Peace of mind** : Turn it on and go to sleep, whether in your own house/apt or away from your property.
- **Full proof** : Battery backup if required.
- **Unique & Superior** : By design and quality. Compact in size. Very low power consumption. Yet inexpensive than the competition.

Use with

- Entry points
- Secure water pumps in farms, remote places, apt. etc.
- Banks, Jewellery shops, Showrooms, mall, College premises, Hostels, Hotels, Vehicle

*The range depends on the surrounding space as well as the siren type & its location.
